## COMMUNIQUE

The High Commission of Cameroon in Canada wishes to inform the Cameroonian community in Canada and the public that, as part of the implementation of preventive measures against the spread of the Coronavirus (Covid-19) pandemic in Cameroon, Cameroon's land, sea and air borders will be closed as of Wednesday, March 18, 2020. All passenger flights to Cameroon will therefore be suspended.

**This decision, which is part of a set of measures aimed at combating this scourge, entails the temporary reorganization of the functioning of the high Commission as follows:**

- 1) **The suspension of the issuance of entry visas to Cameroon,**
- 2) **Suspension of the procedure for issuing or renewing Cameroonian passports. In this connection, persons who have obtained appointments within the framework of this consular service shall be contacted in due course for rescheduling.**

Furthermore, in view of the containment measures prescribed by the Canadian Government for the population on its territory, movement to the High Commission will be highly restricted as from the publication of this communique.

To this end, for all other consular services (legalization of documents, application for a consular card, transcription of birth certificates), files will be received exclusively by post (Canada Post, Purolator, Fedex, UPS, etc.).

For any consular question relating to the current exceptional situation, the High Commission of Cameroon in Canada can be contacted through the following E-mail address: [consul.serv.hcam@rogers.com](mailto:consul.serv.hcam@rogers.com).
